

The Experience Your Customers Deserve

Online/mobile banking and onboarding that you control. Manage all device experiences from one platform with a single code base - requiring less maintenance and ensuring design consistency. Robust analytics provide insight on all customer and prospect interactions from onboarding through online banking to enable journey optimization.

**Online and
Mobile Banking**

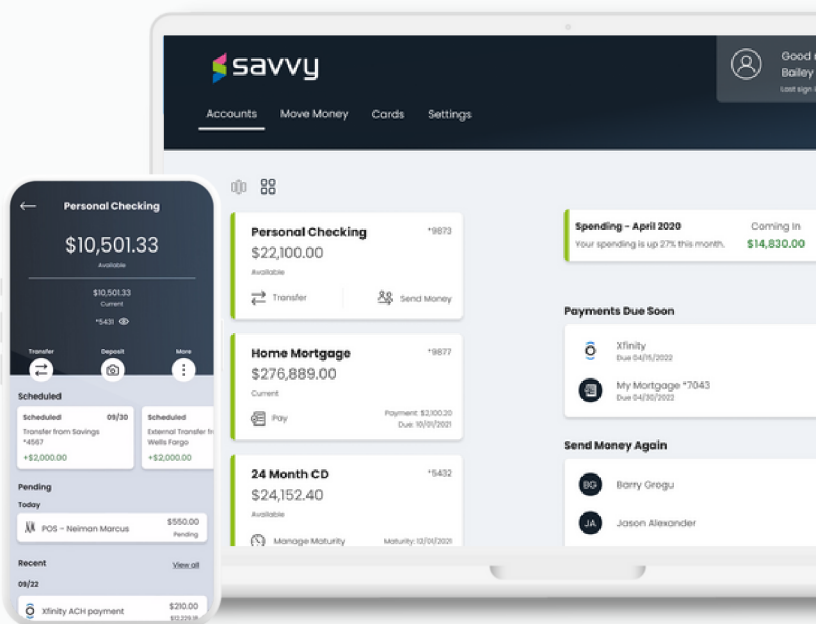

**Online and Mobile
Account Opening**

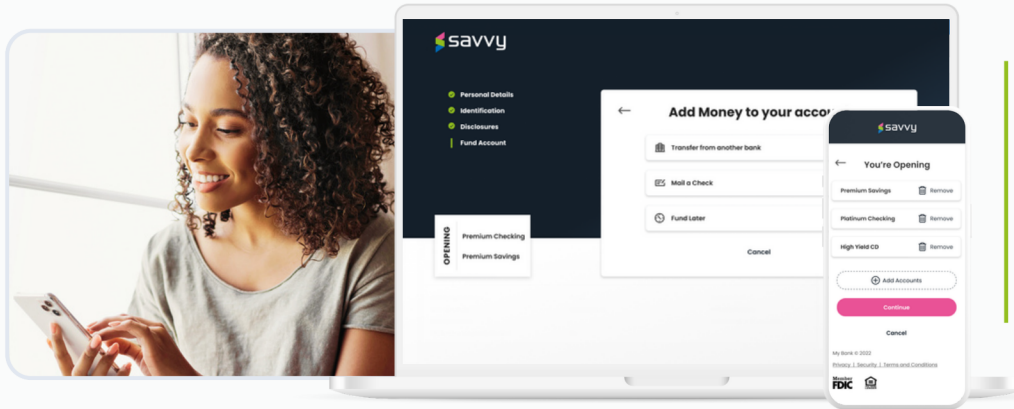

**Commercial and
Retail Banking**

This is Digital, Delivered.

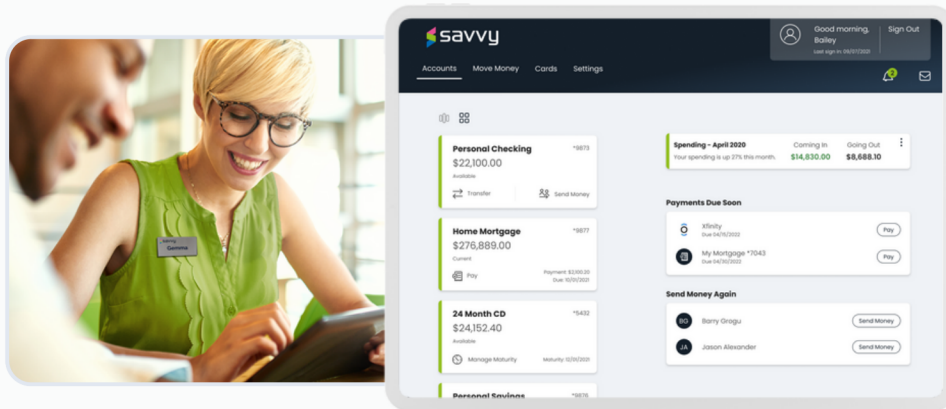

- ✓ Single Code Base You Control
